

Press Kit

altCensored.com is a non-profit, open-sourced Community Archive of Censored YouTube (YT) Videos, begun in February 2019.

Censored videos are those that have been placed in “Limited State”, completely removed by YT, or self-censored by the YT channel owner.

We highlight the increase of online censorship and the decrease of free speech, and in October 2020 assisted the legal team at “PunchGoogle.com” with their lawsuit against YouTube (<https://archive.is/7Qzo2>)
